

# Fundraisers

***Groups or organizations can raise thousands of dollars using a bowling center to conduct a fundraiser event. Let us show you how!***

## **Economic Reality**

The economic crisis has affected every industry including non-profit organizations, private companies, charitable organizations, education, and education-related activities in schools that require extra-funding to support these group activities. Examples are sports, music, dance, social groups, and other school-related group activities. Many organizations have lost funding, or have had serious cutbacks in their budgets and need to find alternative sources of funding to keep programs viable. We can show you how to replace this lost money, and even INCREASE budgets for future year's activities by conducting a comprehensive bowling fundraiser.

## **Past Success Stories**

Hollywood Bowl hosts several major fundraising events and many smaller ones that use a bowling fundraiser to help the organization achieve its goals. We have a proven formula that combines bowling and other fundraising concepts compatible with the venue, clientele, and core draw, which is bowling. We can show you how to raise 5,000 to over 100,000 depending on the effort and participation within the organization. We can show you how to accomplish your financial goals, and help you succeed raising \$.

## **How Can Our Group Raise Money Conducting a Bowling Fundraiser?**

We can help you get started by showing your organization several key methods for raising substantial amounts of money during a bowling fundraiser. To begin, the key is commitment for the organization and its members to participate and enthusiastically help increase participation by contacting friends, relatives, businesses, and other potential volunteers and sponsors of the fundraiser. We have several bowling formats that work well, whether using a formal organized event format, or an informal recruiting program to share a percentage of your member's participation using open play as the catalyst. We also have several other key methods of raising money during the event including raffles, silent auctions, and other fun and productive events.. We can help you set up the fundraiser from the beginning, help guide the process of organizing the event, and help to ensure the day of the event becomes a financial success for the organization. Whatever your goals may be for raising money, we have the tools to help you achieve them and help fight this economic downturn. The organization must be a legitimate non-profit, K-20 education, recognized cause, or school/club related organization to be eligible for non-profit pricing, and our generous assistance and guidance throughout the fundraising process and during the event. Organizations receive a 25% discount on bowling rates, and we provide the training, guidance, and support for free.
