

# Team Building and Company Parties

***Organized Team-Building Parties can Improve Employee Moral, and Help Promote Better Working Relationships Leading to Higher Efficiency at Work***

## Team Building Event

Accommodating any size group between 8 - 288, and more spread over different shifts, we can organize a custom team-building bowling party specific to your company needs. We will design a bowling event to improve camaraderie, strengthen relationships, and ensure everyone has a great time at an affordable price for the company. We organize your team-building event around an unconventional fun-filled bowling format that teams staff members, departments, or however you feel will best create an atmosphere to improve employee relationships in your business. *When we design a team-building bowling event, we consider the organization's size, department structure, company budget, your input, and an outcome-based analysis of how one of our team-based bowling formats can best help meet the goals of the company.* We also include non-bowling activities to help maximize the effectiveness of the event like ice breakers, scavenger hunts, trust exercises, PowerPoint presentations, and group meetings in our banquet room (up to 75). To top off the event, our catering manager can design a gourmet meal to satisfy the entire group, and even organize night-club entertainment inside Club Hollywood exclusively for your organization. Give us a call today, and we will work with you to develop a unique event with employee benefits for the entire company.
